

## PRESS RELEASE

### **World Environment Day observed in North Garo Hills with Focus on Plastic Pollution and Tree Planting**

**Resubelpara, June 5, 2025:** Spreading awareness on environmental protection and beating plastic pollution, the World Environment Day was observed today in various areas in Resubelpara, North Garo Hills district.

Earlier, the Deputy Commissioner Dr. Abhishek Saini, IAS along with Additional Deputy Commissioners, Assistant Commissioners and staff of the District Administration planted tree saplings in the premises of the DC office. The event was followed by a cleaning drive in the premises wherein the DC, Dr. Abhishek Saini, IAS took the lead in the cleaning drive.

Various schools of the districts also planted trees in their respective schools' surroundings.

Village communities voluntarily joined the event by organising roadside plantation of trees across the district.

The call for safeguarding environment was bolstered by the message of reducing plastic use which causes major problem in waste management.

Event as this, witnessed the unity of government, offices, schools and communities as they come together doing their bids to save the environment.
